

## The Syrjala's test in the analysis of the spatial distribution of Serious Acute Respiratory Syndrome (SARS) cases in Minas Gerais from 2015 to 2018.

Ariane Vieira de Melo <sup>1</sup>, João Domingos scalon <sup>2</sup>

**Abstract:** *The current research applies the Syrjala's test to perform a spatial analysis of the number of cases of Serious Acute Respiratory Syndrome (SRAG) in the municipalities of Minas Gerais from 2015 to 2018. The results showed that the spatial distribution of SRAG in the state was different only for the year 2015.*

**Keywords:** Viral Diseases, Spatial Statistics, Hypothesis Test; Public health.
